Description

This extremely low mileage motor caravan has had just 4 owners in it's 21 year life. It has everything you could need for a home from home. This model comes with the very desirable rear lounge in which the seating transforms into a good sized double bed. There is also another small double sleeping area above the cab. Alongside the many units for storage is the shower room housing the Thetford toilet cassette, wash basin and attached shower head. There is an Electrolux fridge, Vanette oven and grill, Carver water heater and heater and all booklets that go with each appliance. This vehicle has a just had a recent MOT.
